

Product Name: Pavement Marker Adhesive Pads

Standard Name: ASTM test Method

Product Code:RMA091

PROPERITIES:

Items	Value	Result
Type	Bituminous	Conform
Appearance	Black, Wrapped in Plastic bag/Box	Conform
Color Value	<20%	Conform
Gravity	1.5-2.0	Conform
Flash Point °C	>290	Conform
Softening Point °C	115	Conform
Filler	72.00%	Conform
Viscosity (Brookfield) cP 205 °C	5000-6000	Conform
Penetration, 100g, 5 sec., 25 °C	<7mm	Conform
Flow	<3mm	Conform
Flexible of restoring	30-70%	Conform

Function:

1. Heated Bituminous Adhesive, Bonds raised road markers, delineator posts, curbstones, turtle markers, Speed Humps and other objects which can be bonded to the road surface.
2. Road cracking sealing.

Sizes:

10CM*10CM	12CM*12CM	20CM*20CM	40CM*40CM	60CM*60CM
-----------	-----------	-----------	-----------	-----------

Packaging:

Each 10rolls With Plastic Bags in carton Box

Shelf Life:

12 months from manufacturing date
